China's capital account liberalisation: international perspectives

Monetary and Economic Department

April 2003

The papers in this volume were prepared for a BIS/SAFE seminar of central bankers, scholars and market participants held in Beijing on 12-13 September 2002. The views expressed are those of the authors and do not necessarily reflect the views of the BIS, SAFE or the central banks represented at the meeting. Individual papers (or excerpts thereof) may be reproduced or translated with the authorisation of the authors concerned.

Requests for copies of publications, or for additions/changes to the mailing list, should be sent to:
